

Leave satellite radio alone. I am a subscriber because over the air wave radio sucks. I am tired of everyone with money trying to influence government because they are too lazy to change with the times. I am tired of the government telling me what I can hear, see, feel and touch. I am not a baby. You people talk freedom but there is rules for every little thing. 200, 000 people complain and we have to make rules to protect their ears, eyes and whatever. I am going to vote for anyone who really believes in freedom. I guess that leaves out the 2 parties! What can of freedom is their when there is no choice to make whether it is a good choice or bad choice? I call that not living so stay out of our rights to listen to what we want to! Especially when I pay for it!!!!
